After researching the many different personal alarms on the market, I decided to purchase the CareAlert Smart Dialler for my elderly mum. I am so thankful I did. It is very simple to set up and mum feels so comfortable using it. Ours is monitored but I know that with a simple call I can change it to be non-monitored. Mum feels far more safer while alone at home. I now know why CareAlert has such a genuinely high reputation. - Joy Daw Park SA
